(DRAFT 08-31-20)

PROPOSED
NEW POLICY

Action Item

Rationale: The district does not have a policy on the process for suspension of a board policy. The proposed new policy, 1320, contains language recommended by the Washington State School Directors' Association (WSSDA). The proposed new policy provides the following process for suspension of a board policy:

1) All board members must receive written notice of the meeting where the proposed policy suspension will occur;

2) The written notice must include a proposal to suspend the policy; and

3) The written notice must include an explanation of the purpose of suspending the policy. If written notice is provided, a majority of the board can approve suspension. If written notice is not provided, a unanimous vote is required.

Suspension of a Policy

A policy of the board may be suspended by a majority vote of the members present, provided all board members have received no less than twenty-four (24) hours' notice of the meeting, and the notice included a proposal to suspend the policy and an explanation of the purpose. If advance notice of the policy suspension is not provided to all board members, the board agrees to waive Robert's Rules of Order and the motion is debatable and amendable and requires a unanimous vote of all board members present.
