Article 7.9B and 7.9G

7.9B Final placement considerations in displacement: A candidate is deemed qualified for a defined position by virtue of documented qualifications to handle all of the responsibilities of the position. When making PIR placements, job offers are tendered by the following:

i. Proper certification~~/HQ criteria~~

ii. Formal training and skills: Specific to the position and building needs, i.e., a major or minor or a comparable equivalent number and pattern of course units, training or professional development (AVID, AP, IB, RTI, PBIS, Cultural Responsiveness etc.), multilingual abilities, and/or commitment to attend needed professional development training within the school year that would qualify an individual.

iii. Experience: Written verification of prior successful experience in teaching a subject, implementing a strategy or program, or in the case of extracurricular activities, adequate experience or education except as limited in Article 7.3B ii, Acting Assignment.

iv. Interviews: The purpose of the interview for candidates is verification and validation of the qualifications stated in i, ii, and iii above. The composition of the interview team shall consist of the building principal and two (2) VEA members from within the building for which the open position exists. For counselor, psychologists, visual and performing arts, ELL teachers, and special education teacher's administrative units the composition of the interview team shall consist of a program administrator and/or principal and no more than two (2) VEA members from within the school and/or respective administrative unit. It is understood that the principal / administrator shall determine the recommendation for the position.

7.9G Staffing sequence: The sequence for making staffing decisions within the District is:

i. Candidates in the building
   a. Those who have the proper certification or preferred credential are given first consideration for open positions in their building.

ii. Candidates in the District
   a. Listed on the Position Interest Registry (PIR) with the proper certification or preferred credential will be considered first along with District seniority.
   b. If a preferred credentialed candidate does not apply for an open position through the PIR process, the school principal may consider teacher candidates within the building who do not have a preferred credential, and

who will commit to entering into the credentialing program with a commitment of making every reasonable effort to complete the program within one (1) year.

iii. Candidates from outside of the District

Among candidates from outside of District, priority consideration may be given to those candidates who in their application or interview identify:

1. Training or professional development in cultural responsiveness,
2. Multilingual abilities,
3. Prior successful experience in teaching in a high poverty or racially diverse school

CHAPTER 8: Evaluation of the Professional Performance of Certificated Staff

Article 8.1

8.1A **Annual systematic evaluations:** The District and the Association acknowledge that state statute and sound principles of school administration require systematic objective evaluation, at least annually, of each certificated staff member's professional performance. Equally important, the District and the Association are committed to the principle that the most effective educators are lifelong learners and that an effective and professional evaluation system is inextricably tied to the professional development process. The evaluation, self-assessment, and observation process is designed to maintain and advance this linkage between evaluation and professional development. The forms and criteria to be used in the evaluation of all certificated staff are those contained in the Certificated page of the district's intranet, to which the District shall provide the Association access.

~~8.7~~ 8.1B **Evaluation defined:** An "evaluation" is the ongoing process of identifying, gathering, and using information to improve professional performance, assess total job effectiveness, and make personnel decisions (WAC 392-192A-030). ~~a comprehensive conclusion based on a series of events and activities.~~ An evaluation as submitted on the appropriate forms shall be based on the recorded observations in the classroom or other instructional setting, as well as any number of documented critical incidents, supervisory reports, consultations, and input from the employee and the employee's professional development plan. In the spirit of joint involvement of employees and evaluators in the evaluation and professional development process, all information used in the evaluation will be shared and discussed during the course of the year as it becomes available and consistent with other provisions of this Agreement.

Article 8.2

Principles and Purposes

8.2A Principles of evaluation: The Teacher and Principal Evaluation and Growth Program (TPEP) is based on these core Principles:

i. High quality teaching and learning are key to student success.

ii. Growth in practice is developmental in nature.

iii. Growth occurs best when there are clear standards of practice supported by quality professional learning and learning-focused feedback.

iv. Evaluation systems should reflect and address the career continuum.

v. The focus for teacher and principal growth should be driven by student learning needs.

~~**Priorities of purpose**~~ **8.2B Purposes of evaluation:** The purposes of evaluation of certificated staff ~~of professional performance in order of priority are deemed to~~ will be:

~~1.~~i. To acknowledge the critical importance of certificated educators' quality in impacting student growth and support professional learning as the underpinning of the new evaluation system.

~~2.~~ii. To identify, in consultation with certificated educators, particular areas in which the professional performance is distinguished, proficient, basic, or unsatisfactory, and particular areas in which the classroom teacher needs to improve their performance.

~~3.~~iii. To assist certificated educators, who have identified areas needing improvement, in making those improvements.

~~8.2A To improve the professional performance of the employee.~~

~~8.2B To provide the employee with regular feedback about their performance.~~

~~8.2C To specifically inform the employee of ways in which they can improve.~~

~~8.2D To identify specific training needs of an employee.~~

~~8.2E~~

~~4.~~iv. To establish a basis for contract renewal or non-renewal, dismissal, or any other disciplinary action against an employee whenever such an action may become necessary.

Article 8.3

Evaluation Frameworks and Forms

8.3A ~~Eight WA~~ Washington State Criteria Areas ~~(aka "State 8")~~

~~1.~~i. Centering instruction on high expectations for student achievement.
~~2.~~ii. Demonstrating effective teaching practices.
~~3.~~iii. Recognizing individual student learning needs and developing strategies to address those needs.
~~4.~~iv. Providing clear and intentional focus on subject matter content and curriculum.
~~5.~~v. Fostering and managing a safe, positive learning environment.
~~6.~~vi. Using multiple student data elements to modify instruction and improve student learning.
~~7.~~vii. Communicating and collaborating with parents and school community.
~~8.~~viii. Exhibiting collaborative and collegial practices focused on improving instructional practice and student learning.

8.3B Types of evaluation and evaluation procedures using the CEL 5D+ system

i. Comprehensive: All eight state criteria and student growth activities are used to determine a comprehensive summative evaluation rating.~~:~~

ii. Focused: Evaluation is based on one of the eight state criterion and associated student growth activities. Focused evaluation procedures of classroom teachers must include, at a minimum, the following:

a. One of the eight criterion for certificated classroom teachers must be assessed in every year that a Comprehensive evaluation is not required.
b. The selected criterion must be approved by the educator's evaluator and may have been identified in a previous Comprehensive summative evaluation as benefiting from additional attention.

c. The evaluation must include an assessment of the criterion using the instructional framework rubrics and the superintendent of public instruction's approved student growth rubrics. More than one measure of student growth data must be used in scoring the student growth rubrics.

d. A summative score is assigned using the summative score from the most recent Comprehensive evaluation. This score becomes the Focused summative evaluation score for any of the subsequent years following the Comprehensive summative evaluation in which the educator is placed on a Focused evaluation. If that score was a Proficient, the teacher may provide "Distinguished" level evidence for consideration to be moved to Distinguished.

~~**Delegation of evaluation authority:** An associate principal and/or another appropriate designated administrator may be assigned by the building principal or their counterpart in administrative units to perform the evaluative process for designated members of the school's staff.~~

Article 8.4

~~8.8~~ Training and Timelines for the Evaluation process as a year-long cycle: Evaluation and professional development are conceived as processes that are continuous, normally planned, and conducted throughout an employee's career with the District. Although yearly evaluations are required by statute and critical points of accountability may become prominent in the cycle, these will not be viewed as isolated incidents, but rather as integral functions in the continuous cycle.

8.4A Each District and building evaluator must complete mandatory training for Stage 1 and Stage 2 CEL 5D+ prior to conducting observations within the evaluation system.

8.4B Each new to VPS certificated educator, including those utilizing the Non-Classroom Teacher evaluation form, must complete the six (6) hour CEL 5D+ Overview training during New Educator Training. An alternative date will be arranged for educators hired after New Educator Training.

8.4C When District funding is available, each building will identify an educator to serve as a non-evaluative TPEP Coach. This coach will receive training prior to the August pre-duty days, paid at their respective hourly per diem rate from a funding source other than their Individual PD funds. This coach will also be paid up to six (6) hours of additional compensation at their respective hourly per diem rate from a funding source other than their Individual PD funds for in-building TPEP support during the school year.

8.4D Each building will set aside up to 2 hours during pre-duty days in August to provide an explanatory presentation and appropriate discussion of evaluation processes~~,~~ and student growth goals to all certificated educators. These training ~~deck~~ materials will be created by the Professional Learning (PL) department and shared with the Association by August 10~~th~~ to allow for Association input in advance of presentation. The TPEP Coach and evaluators for each building will be responsible for presenting this training.

8.4E Certificated educators will be notified within the first thirty (30) days of the beginning date of the school year (or date of hire) of the name of their evaluator and their type of evaluation for that school year.

~~8.3~~ i. Evaluation is the basic and primary responsibility of the building principal or their counterpart in administrative units to whom a certificated person has been assigned. Any principal or other evaluator may request other certificated staff members to assist in the remedy of such identified deficiencies and in strict accordance with written improvement plans as have been specifically designed for an educator placed on probation. The summative evaluation responsibility is restricted to persons holding an administrative certificate and serving in that capacity with the District.

~~8.4.8.5~~ .ii. An associate principal and/or another appropriate designated administrator may be assigned by the building principal or their counterpart in administrative units to perform the evaluative process for designated members of the school's staff.

~~8.4 8.5~~ .iii. For certificated employees assigned to specialized areas of instruction where program administrators are provided, the program administrator may ~~will~~ assist in the evaluative process, giving special attention to the specialized knowledge and technique of the ~~teacher~~ educator in their assigned area of instruction.

iv. Education Staff Associates (i.e., counselors, psychologists, occupational therapists, physical therapists, speech language pathologists, and nurses) will be evaluated using the Non-Classroom Teacher evaluation system.

v. Teacher Librarians will be evaluated using the Teacher Librarian evaluation system.

vi. Other non-classroom teachers who do not provide academically-focused instruction to students will be evaluated using the non-classroom teacher evaluation system.

vii. Classroom teachers and any non-classroom teachers who provide academically-focused instruction to students, regardless of class size, will be evaluated using the CEL 5D+ evaluation system.

8.4F Educators within their first three (3) years of employment with the District will complete a Comprehensive evaluation each of those three (3) years. Educators with two (2) years or more of prior Washington state experience, earning overall scores at a Level 2 (Basic) or higher each of those two (2) years, will complete a Comprehensive evaluation during their first year of employment with the District and may transition to a Focused evaluation their second year with the District.

8.4G Educators on probation or who received an overall score of Level 1 (Unsatisfactory) or Level 2 (Basic) in the previous school year will complete a Comprehensive evaluation.

8.4H All educators must complete at least one (1) Comprehensive evaluation every six (6) years. Evaluators or educators may also choose to conduct a Comprehensive evaluation at any time within that period.

8.4I Any move from a Focused evaluation to a Comprehensive evaluation must be done in writing by December 15 of a given school year, including an explanation as to why the move is warranted.

8.4J Certificated employees will take the initiative in evaluation and professional development both in the self-assessment and in providing evaluation input. Mutual assessment and input

to identify developmental needs and opportunities are essential to the evaluation process. By October 15, all certificated educators will complete a self-assessment, including an individual professional growth goal and a plan for the accomplishment of such a goal.~~Certificated employees will take the initiative in evaluation and professional development both in the self-assessment and in providing evaluation input.~~

8.4K All certificated educators will provide a Student Growth Goal (SGG) to the evaluator on or before the 90th student attendance day of the school year. Certificated educators may conduct more than one SGG cycle each year.

8.4L Evaluators will share how observations will be scheduled (e.g. teacher-initiated and/or evaluator-initiated) to provide for the most effective evaluation process.

~~8.13A~~ i. All certificated educators and other certificated staff shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties.

ii. Total observation time for each employee each year shall not be less than sixty (60) minutes.

iii. A pre or post observation conference may be requested by the evaluator or educator and the expectation is that the conference be held.

iv. Formal observations will not occur during the first or last week of school.

v. The evaluator and/or educator may initiate informal, unscheduled observations with or without pre- and post- observation conferences.

vi. Observations may include conversations and may include observation and conversations outside of instruction.

~~8.13B~~ .vii. Provisional employees will be ~~evaluated~~ observed at least once for thirty (30) minutes, within ninety (90) calendar days of employment and the preliminary evaluation report shall be submitted to the human resources department no later than one hundred five (105) days from the employee's beginning date of service.

~~8.13B~~ viii. Educators in the third year of provisional status shall be observed at least three (3) times and the total observation time for the school year shall not be less than ninety (90) minutes. In the event the employee does not make sufficient progress toward improvement, they will be separated from service with the District as is provided in statute (RCW 28A.405.220).

8.4M TPEP Coaches and evaluators will receive training in early January on scoring certificated evaluations and Student Growth Goals. If held outside of the contract day, TPEP Coaches will be paid at their respective hourly per diem rate from a funding source other than their Individual PD funds.

8.4N Prior to the end of first semester, evaluators will meet with certificated educators for a mid-year review and provide a mid-year report with preliminary scores where available.

8.4O All student growth goal cycles shall be completed no later than May 1st in order to provide time for reflective conversations and data analysis. Any changes to this timeline must be mutually agreed upon by evaluator and educator and documented in writing.

8.4P All observations and any related post-conferences shall be completed no later than May 10th in order to allow time for summative end-of-year conferences. Any changes to this timeline must be mutually agreed upon by evaluator and educator and documented in writing.

8.4Q TPEP Coaches and evaluators will meet at the end of the year to reflect on the TPEP process in preparation for the following year. If held outside of the contract day, TPEP Coaches will be paid at their respective hourly per diem rate from a funding source other than their Individual PD funds.

8.4R By June 5, evaluators must electronically submit a draft summative evaluation report to the educators they evaluate in order to provide educators time to review and seek revision to any scores that misalign with collected evidence and/or practice prior to the final submission step of the evaluation process, as described immediately below. Any changes to this timeline must be mutually agreed upon by evaluator and educator and documented in writing.

8.4S By June 15, all certificated educators must electronically submit their final summative evaluation within the eVal system. All non-classroom teacher paper evaluations must be submitted to the District by the evaluator no later than June 15~~.~~

~~**Evaluation responsibility:** Evaluation is the basic and primary responsibility of the building principal or their counterpart in administrative units to whom a certificated person has been assigned. Any principal or other evaluator may request other certificated staff members to assist in the remedy of such identified deficiencies and in strict accordance with written improvement plans as have been specifically designed for a teacher~~ an educator ~~placed on probation. Every certificated employee will be notified of the name of their primary evaluator within thirty (30) days of the beginning date of the school year. The summative evaluation responsibility is restricted to persons holding an administrative certificate and serving in that capacity with the District.~~

~~**Program administrator evaluation responsibility:** For certificated employees assigned to specialized areas of instruction where program administrators are provided, the program administrator~~ may ~~will assist in the evaluative process, giving special attention to the specialized knowledge and technique of the teacher in their assigned area of instruction.~~

~~**Article 8.4: Evaluation Frameworks and Forms**~~

~~**Eight WA State Criteria Areas (aka "State 8")**~~

~~1. Centering instruction on high expectations for student achievement.~~
~~2. Demonstrating effective teaching practices.~~
~~3. Recognizing individual student learning needs and developing strategies to address those needs.~~
~~4. Providing clear and intentional focus on subject matter content and curriculum.~~
~~5. Fostering and managing a safe, positive learning environment.~~
~~6. Using multiple student data elements to modify instruction and improve student learning.~~
~~7. Communicating and collaborating with parents and school community.~~
~~8. Exhibiting collaborative and collegial practices focused on improving instructional practice and student learning.~~

~~**Types of evaluation and evaluation procedures using the CEL 5D+ system**~~

~~. Comprehensive: All eight state criteria and student growth activities rubric rows are used to determine a comprehensive summative evaluation rating.:~~

~~B. Focused: Evaluation is based on one of the eight state criterion and associated student growth activities rubric rows. Conduct of the Focused evaluation procedures of classroom teachers must include, at a minimum, the following:~~

~~1. One of the eight criterion for certificated classroom teachers must be assessed in every year that a comprehensive evaluation is not required.~~

~~2. The selected criterion must be approved by the teacher's evaluator and may have been identified in a previous comprehensive summative evaluation as benefiting from additional attention.~~

~~3. The evaluation must include an assessment of the criterion using the instructional framework rubrics and the superintendent of public instruction's approved student growth rubrics. More than one measure of student growth data must be used in scoring the student growth rubrics.~~

~~4. A summative score is assigned using the summative score from the most recent comprehensive evaluation. This score becomes the focused summative evaluation score for any of the subsequent years following the comprehensive summative evaluation in which the certificated classroom teacher is placed on a focused evaluation. Should a teacher provide evidence of exemplary practice on the chosen focused criterion, a level 4 (Distinguished) score may be awarded by the evaluator. If that score was a Proficient, the teacher may attempt to provide "Distinguished" level evidence to be moved to Distinguished.~~

~~Should an evaluator determine that a teacher on a focused evaluation should be moved to a comprehensive evaluation for that school year, the teacher must be informed of this decision in writing at any time on or before December 15th, including an explanation as to why the move is needed.~~

~~Score from the most recent comprehensive evaluation will be the score carried forward to the focused evaluation for all years the teacher is on a focused evaluation.~~

~~If that score was a Proficient, the teacher may attempt to provide "Distinguished" level evidence to be moved to Distinguished.~~

~~**Delegation of evaluation authority:** An associate principal and/or another appropriate designated administrator may be assigned by the building principal or their counterpart in administrative units to perform the evaluative process for designated members of the school's staff.~~

Article 8.5:

Student Growth Goal Process: Student growth is the change in student achievement between two points in time. The student growth process includes: setting goals for students, planning instruction and assessment and reflecting on student progress, including student input into the process. The focus is on educator reflection and using student growth data to improve instruction and student learning. Knowledge of student assets is part of goal setting. Emphasis is placed on responsive practice and authentic conversations. Beginning in the 2023-2024 school year, all educators who are evaluated using the CEL 5D+ system will use the Office of Superintendent of Public Instruction's (OSPI's) Final Revised Student Growth Rubrics.

8.5A A Comprehensive evaluation will include growth goals from Criterion 3, 6, and 8.

8.5B A Focused evaluation will include the student growth rubrics of the selected criterion. If criterion 3, 6 or 8 are selected, evaluators will use the corresponding student growth rubrics. If criterion 1, 2, 4, 5, or 7 is selected, evaluators will use criterion 3 or 6 student growth rubrics.

8.5C Student Growth goals, regardless of the type of evaluation, will be shared with the evaluator on or before the 90th student attendance day of the school-each year. To provide opportunity for educators to know their students and gather family input, student growth conferences between the evaluator and educator should take place after fall family conferences.

8.5D To embed the use of student growth goals into the flow of instruction, a student goal cycle will typically be contained within a single, substantial unit of instruction typically four to six weeks in duration.

8.5E At an educator's discretion, they may use the student growth goal-setting process more than once through the school year to improve their practice and show additional growth for evaluation purposes.

8.5F Educators with a Distinguished summative rating and a Low student growth impact rating cannot be rated higher than Proficient.

8.5G Student Growth Goals and TPEP, limited to the 2023-2024 school year: In an effort to improve the outcomes ~~of~~ for students and the collaboration between evaluators and educators, the District will provide the following related to the Washington State Student Growth Goals:

i. Each building principal will identify a TPEP Coach, who is a certificated educator currently utilizing the CEL 5D+ evaluation system. The TPEP Coach shall meet the following criteria:

a. Must have completed at least one (1) Comprehensive evaluation within the past three (3) years.

b. Must be willing to attend an August 2023 (prior to pre duty days) training co-sponsored by the District and VEA. If held outside of the contract day, TPEP Coaches will be paid at their respective hourly per diem rate from a funding source other than their Individual PD funds.

c. Must be willing to lead building-based training on TPEP, including the Final Revised Student Growth Goal Rubrics, during pre-duty days in August 2023

d. Must be willing to work up to six (6) hours outside of the contracted day collaborating with teachers and evaluators on TPEP-related topics. TPEP Coaches will be paid at their respective hourly per diem rate from a funding source other than their Individual PD funds for the up to six (6) hours of collaboration.

e. Must be willing to attend training in early January on scoring certificated evaluations and the Final Revised Student Growth Goals. If held outside of the contract day, TPEP Coaches will be paid at their respective hourly per diem rate from a funding source other than their Individual PD funds.

f. Must submit any supplemental contract by the last contract day of the school year.

ii. The August 2023 training (prior to pre duty days) for Student Growth Goals shall include all building-identified TPEP Coaches and evaluators. Building-based instructional coaches may also attend the training and any who do shall be paid at their respective hourly per diem rate from a funding source other than their Individual PD funds. The training will focus on:

a. How the Final Revised Student Growth Rubrics are similar to and different from the original TPEP student growth rubrics.
b. How to center student assets in developing student growth goals.
c. Ways to share and acknowledge teacher reflection in the process of setting, assessing, and adjusting student growth goals.
d. How educators and evaluators will participate in professional conversations that are centered on educator reflection ~~of~~ on practice and student growth. Such conversations stem from OSPI-suggested questions and occur in real-time, without requiring an educator to provide written comments. Educators, at their discretion, may still choose to provide written comments.
e. Resources and/or scaffolds (eg. Student Growth Goal Template, exemplars, etc.) available to educators and evaluators to effectively collaborate around the Final Revised Student Growth Rubrics.

iii. -Each buildings' TPEP Coach and evaluators will meet at the end of the school year for an opportunity to reflect on the TPEP process. If held outside of the contract day, TPEP Coaches will be paid at their respective hourly per diem rate from a funding source other than their Individual PD funds. TPEP coaches should also share any concerns that arise around the TPEP process prior to this reflection opportunity with that building's evaluator(s) via email or in person and as soon as possible.

~~**Program administrator evaluation responsibility:** For certificated employees assigned to specialized areas of instruction where program administrators are provided, the program administrator will assist in the evaluative process, giving special attention to the specialized knowledge and technique of the teacher in their assigned area of instruction.~~

~~**Article 8.6**~~

~~**Evaluator Training:** Evaluators shall participate in training relevant to and/or required by WAC related to their evaluation responsibilities for certificated classroom teachers and other certificated staff.~~

Article 8.6

~~8.12~~ **Observation Notes and Reporting**

8.6A~~8.12A~~ **Observation Notes~~ and Observation Report~~:** Observation notes are intended to capture detailed objective information for use in the evaluation process. Observation notes are mandated for use in evaluation conferences or at such time as the evaluator or employee deems a performance discussion to be appropriate. Observation notes must include:

i. Name of the observer/evaluator,
ii. ~~the educator's name,~~ Name of the educator being observed, and
iii. ~~date~~ Date, time, and duration of the observation.

8.6B Following an observation or series of observations, observation notes ~~must~~ shall be provided to the educator in print or electronically within three (3) days after such a report is prepared. An observation report may include observation notes from a single observation or from a series of observations not exceeding three weeks in length. After a series of observations have been concluded, the evaluator will schedule a conference with the educator to review the observation report.

8.6C ~~Information obtained through scheduled observations may be supplemented by other methods of evaluation.~~ Certificated employees have the right to provide evidence for any criterion to be scored. ~~Acceptance of evidence shall be collaboratively determined with their evaluator and in alignment with the evaluation rubric.~~

~~8.12A~~ 8.6D At the conclusion of each conference where printed Observation Notes or the Observation Report forms have been used, both the employee and the evaluator will sign the form indicating that the form represents a report of the information communicated at the conference. Signing or receiving the completed form electronically does not necessarily denote the employee's full concurrence with the evaluator's conclusions.

~~8.12A~~ 8.6E If information is shared electronically, both the employee and evaluator will have access to the completed document. ~~Signing or receiving the completed form electronically does not necessarily denote the employee's full concurrence with the evaluator's conclusions.~~

~~8.12A~~ 8.6F Signed copies or electronic copies of each form may be retained by both the employee and the evaluator and will not be placed in the employee's personnel file. Observation notes are intended as working notes of the evaluator and the teacher for their exclusive use and should generally only be provided to the human resources department when that office is providing assistance to the evaluator or the employee in performance improvement or professional development planning.

~~8.12B~~ 8.6G ~~**Employee's signature and/or electronic receipt acknowledges evaluator's comments – Interview notes not sent to human resources**~~ **Summative Evaluation Report:** The Summative Evaluation Report is a formal and official summary evaluation based on a series of documented observations, critical incidents, supervisory reports, and consultations, which arise out of contracted performance. This report should reflect the previous discussions recorded on the appropriate forms. It is signed by both the employee and the evaluator and/or electronically ~~receipted~~ received by the employee. A print or electronic copy will be provided or be accessible to the employee.

i. Signature does not denote concurrence, but rather that the report is an adequate statement of the substance of the final evaluation conference. Each Summative Evaluation Report shall be submitted to the human resources department for retention in the employee's personnel file. The employee will have the right to append to this form a pertinent rebuttal statement for the record. Such supplementary statements will be submitted to the human resources department within ten (10) working days of the final evaluation conference with a copy to be transmitted to the evaluator. The administrator of human resources may contact the parties in an effort to conciliate any differences toward establishing a more harmonious working relationship between the two (2) parties.

8.6 Evaluator training: Evaluators shall participate in training relevant to and/or required by WAC related to their evaluation responsibilities for certificated classroom teachers and other certificated staff.

Article 8.7

Evaluation defined: An "evaluation" is a comprehensive conclusion based on a series of events and activities. An evaluation as submitted on the appropriate forms shall be based on the recorded observations in the classroom or other instructional setting, as well as any number of documented critical incidents, supervisory reports, consultations, and input from the employee and the employee's professional development plan.

Article 8.8

Evaluation process year-long cycle: Evaluation and professional development are conceived as processes that are continuous, normally planned, and conducted throughout an employee's career with the District. Although yearly evaluations are required by statute and critical points of accountability may become prominent in the cycle, these will not be viewed as isolated incidents, but rather as integral functions in the continuous cycle.

Article 8.9

Evaluation process – Designation of evaluators – Review of evaluation criteria: Building principals, associate principals, and other responsible administrators will plan and schedule as part of the annual beginning of school staff activities an explanatory presentation and appropriate discussion of the evaluation process, including quality time for reviewing and providing feedback on the certificated employee's self-assessment. Certificated employees will take initiative in evaluation and professional development both in the self-assessment process and in providing evaluation input. Mutual assessment and input to identify developmental needs and opportunities are essential ingredients of the process. The scheduling of observations should be discussed (i.e., teacher initiated and/or administrator initiated), to provide for the most effective development of the evaluation process. Information obtained through scheduled observations may be supplemented by other methods of evaluation and through the use of input that the employee may choose to provide.

Prior to being evaluated on the certificated classroom teacher evaluation, professional development on the instructional framework and evaluation rubric shall be provided at the building level for new certificated classroom teachers. The amount of and substance of the professional development shall be collaboratively developed by the building administration and site-based leadership team.

Article 8.10 - Annual evaluation reports due: Every certificated employee will be evaluated annually and an official report of that evaluation on the appropriate form shall be submitted to the human resources department. Evaluation reports on all certificated employees must be submitted to the human resources department no later than five (5) school days before the end of the year.

Article 8.11

8.11A **Function of Self-Assessment:** The certificated employee shall complete an annual self-assessment, including the setting of individual professional growth goals and outlining a plan for the accomplishment of such goals.

8.11B **During September and October:** Employees and their evaluator will meet to thoroughly discuss the employee's self-assessment and for the evaluator to provide their input to the self-assessment result and professional development plans. Employees should have in mind their professional growth goals.

Article 8.12 Observation Notes and Observation Report

-

8.132A **Observation Notes and Observation Report:** Observation notes are intended to capture detailed objective information for use in the evaluation process. Observation notes are mandated for use in evaluation conferences or at such time as the evaluator or employee deems a performance discussion to be appropriate. Observation notes must include the name of the observer, the educator's name, date, time, and duration of the observation. Following an observation or series of observations, observation notes must be provided to the educator in print or electronically within three days after such report is prepared. An observation report may include observation notes from a single observation or from a series of observations not exceeding three weeks in length. After a series of observations have been concluded, the evaluator will schedule a conference with the educator to review the observation report.

By the end of the first semester, the evaluator will conference with the employee and provide a mid-year report with preliminary scores where available.

At the conclusion of each conference where printed Observation Notes or the Observation Report forms have been used, both the employee and the evaluator will sign the form indicating that the form represents a report of the information communicated at the conference. If information is shared electronically, both the employee and evaluator will have access to the completed document. Signing or receiving the completed form electronically does not necessarily denote the employee's full concurrence with the evaluator's conclusions. Signed copies or electronic copies of each form may be retained by both the employee and the evaluator and will not be placed in the employee's personnel file. Observation notes are intended as working notes of the evaluator and the teacher for their exclusive use and should generally only be provided to the human resources department when that office is providing assistance to the evaluator or the employee in performance improvement or professional development planning.

8.132B **Employee's signature and/or electronic receipt acknowledges evaluator's comments – Interview notes not sent to human resources:** The Summative Evaluation Report is a formal and official summary evaluation based on a series of documented observations, critical incidents, supervisory reports, and consultations, which arise out of contracted performance. This report should reflect the previous discussions recorded on the appropriate forms. It is signed by both the employee and the evaluator and/or electronically receipted received by the employee. A print or electronic copy will be provided or be accessible to the employee.

Signature does not denote concurrence, but rather that the report is an adequate statement of the substance of the final evaluation conference. Each Summative Evaluation Report shall be submitted to the human resources department for retention in the employee's personnel file. The employee will have the right to append to this form a pertinent rebuttal statement for the record. Such supplementary statements will be submitted to the human resources department within ten (10) working days of the final evaluation conference with a copy to be

~~transmitted to the evaluator. The administrator of human resources may contact the parties in an effort to conciliate any differences toward establishing a more harmonious working relationship between the two (2) parties.~~

Article 8.7~~14~~: ~~Provision to Continuing Status~~ Provisional ~~teachers~~ educators moving to continuing contracts after the second year of provisional status: At the discretion of the District, provisional ~~teachers~~ educators may be moved to a continuing contract after the second year of provisional status. Educators with two (2) years or more of prior Washington state experience who earn an overall score at a Level 2 (Basic) or higher during their first year of provisional status with the District may be moved to a continuing contract.

Article 8.8~~15:~~

Probation

8.8~~15~~A **Probation/provisional employees:** Provisional employees shall be afforded procedures and safeguards similar to the ~~above~~ below, except that the requirement for a probable cause determination by the superintendent and a sixty (60) school-day probation period does not apply. Such employees will be:

i. Provided with written notice of their deficiencies by the superintendent/designee at any time that performance is deemed to be not satisfactory.

ii. Provided with a suggested specific and reasonable plan for improvement.

iii. Provided an opportunity to meet with the superintendent/designee and with an Association representative, at their option, to review the principal's report and the proposed improvement plan, and to provide input to the plan of improvement.

iv. With permission from the employee, notice of the employee's probationary status will also be provided to the Association.

~~**Article 8.16**~~

8.~~16~~8B~~A~~ **Probation/continuing employees:** For all continuing employees, whose Comprehensive Summative Evaluation performance is judged overall basic (Level 2) or ~~not~~ unsatisfactory (Level 1) twice any time during a three (3) year period, a report stating the probable cause(s) or reason(s) for probation will be submitted to the superintendent and a copy provided to the employee. With permission from the employee, notice of the employee's probationary status will also be provided to the Association. The principal or designated evaluation supervisor and the employee shall immediately attempt to develop a mutually agreeable written plan designed to improve the employee's effectiveness in the identified deficient areas. If the evaluator and employee are unable to agree upon a mutually acceptable plan of improvement, the evaluator shall prepare and deliver such a plan to the employee. Such reports will include a recommended, specific, and reasonable program designed to assist the employee in improving their performance

If the superintendent concurs with the evaluator's judgment that the performance of the employee is not satisfactory, the superintendent shall place the employee in a probationary status at any time after October 15 and ending after sixty (60) school days. Prior to the superintendent's decision to invoke probationary status the employee may request a conference meeting to review the principal's report and the proposed improvement plan with the superintendent/designee for the District. The employee may, at their option, have a representative from the Association accompany them to the review conference meeting. On or before the beginning of the probation period, the employee shall be given written notice of the action of the superintendent, which notice shall contain the following information:

i. Specific areas of performance deficiencies.

ii. Suggested specific and reasonable program for improvement.

iii. A statement indicating the duration of the probationary period and that the purpose of the probationary period is to give the employee the opportunity to demonstrate improvement in their area(s) of deficiency.

Employees whose overall performance is considered as not meeting standard (i.e., ~~not~~ unsatisfactory [Level 1]), shall be given written notification of the specific areas of deficiencies along with a reasonable program for improvement as required by RCW 28A.405.100.

8.~~16B~~8C **Evaluation during the probationary period for continuing employees**

i. At or about the time of the delivery of a probationary letter, the principal or designated evaluation supervisor shall hold a personal conference with the probationary employee to discuss performance deficiencies and the remedial measure to be taken. When appropriate, the principal or designated evaluation supervisor may designate a certificated employee to assist the employee in improving their areas of deficiency, as is provided in the written improvement plan of the probation notice. The peer mentor will provide formative assistance only and will be free of any evaluation responsibility for continuation of the probationer's employment.

ii. During the probation period, the principal or designated evaluation supervisor shall meet with the probationary employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The written evaluation of progress will be provided to the employee at the end of each month. Beginning with the probationary period, an employee may have an Association representative present during the twice monthly conferences concerning evaluation reports.

iii. The probationary employee must be removed from probation at any time if they have demonstrated improvement to the satisfaction of the principal or designated evaluation supervisor in those areas specifically detailed in the improvement program evaluation meetings.

~~A certificated classroom teacher~~ An employee must be removed from probation if ~~he or she has~~ they have demonstrated improvement that results in a new comprehensive summative evaluation performance rating of level 2 or above for a provisional employee or a continuing contract employee with more than five years of experience.

Article 8.~~17~~9:

Non-Renewal

8.~~17~~9A **Recommendation for non-renewal:** In cases where recommendations for improvement are not effective and deficiencies are not corrected during the prescribed probationary period, by or before May 1~~5~~, the evaluator will advise the employee of such a conclusion and of the fact that the evaluator must recommend that the employee's service contract not be renewed for the following year. Any District decision to non-renew an employee must be provided to the employee in writing on or before May 15.

8.~~17~~9B **Reassignment options prior to non-renewal:** Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and improvement program, the employee may be removed from their assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment is not possible, the District may, at its option, place the employee on paid leave for the balance of the contract term.

Article 8.~~18~~ 10~~–~~

Annual review of supporting evaluation documents: The District and Association will meet annually to review and make any agreed upon changes to the Frequently Asked Questions, Glossary of Terms, ~~and~~ Year at a Glance, and other documents that support the certificated evaluations on the Certificated page of the District's intranet.

Article 8.~~19~~11~~:~~

Grievance, Dispute, Review and Representation

8.~~19~~11A **Grievance procedure**: The grievance procedure may be utilized through Step 3, Level III, Arbitration, to resolve a dispute that pertains to proper adherence to the procedures and timelines followed in the process of evaluating an employee.

8.~~19~~11B **Dispute:** A dispute pertaining to the veracity of a conclusion, a recommendation, or an observation of an evaluator indicating an exception, which is noted on the final Summative Evaluation Report, will be limited to appeal through Level II, Step 2, the Grievance Adjustment Conference.

8.~~19~~11C **Observation notes or summative evaluation review:** This provision does not alter the opportunity for an employee to seek, through administrative channels, a review and/or a change of the contents of their Observation Notes or Summative Evaluation Report by a District level administrator(s). The review will be based on incomplete, inadequate information, or otherwise unsound basis of evaluation (i.e., personal prejudice, lack of knowledge about a specific area, etc.). The employee may request a change in the individual designated as evaluator on the same grounds as stated above.

8.~~19~~11D **Representation**: Association representation may be requested by the employee for any pre-or-post TPEP conference. If the~~ evaluator approves the request, then~~ employee requests representation, the evaluator may choose another administrator to attend as well.

Articles 10.5, 10.6, 10.7, 10.8, and 12.1

xxx

10.5F **Alteration in daily duty day allowed in ~~parent~~ family/guardian conferencing:** In the amounts specified in Chapter 12, time will be scheduled for family/guardian ~~parent~~-teacher conferences to occur outside the normal school day. Release time will be used in elementary and secondary schools only when TRI resources have been reduced due to funding limitations. Building principals may require an accounting of family/guardian ~~parent~~-teacher conferences and may otherwise allow necessary alterations in the usual starting and departure times for staff to best accommodate family/guardian ~~parent~~-teacher conferencing.

Consistent with their general education counterparts, Learning Support and Self-Contained (including GATE and JTC) Teachers will be on site during the designated family/guardian conference window(s)

Xxx

10.6A **Elementary teacher unassigned time periods before and after student day:** Elementary teachers need periods of unassigned time "on-site" for preparation and evaluation of their instructional activities and should generally be able to count on this time being available on a regular basis. Elementary Learning Support and Self-Contained Teachers shall be excused from any supervision of students during unassigned time periods; they may still participate in supervision at their own discretion. Additionally, building ~~Building~~ principals will make every reasonable effort to limit administrative requests on other teachers' ~~a teacher's~~ "on-site" unassigned time periods before the student day, generally when a special subject teacher is working with the class and after the close of the student day.

xxx

10.6D **School day student supervision to be minimal:** Every reasonable effort will be made to not require an elementary teacher to be responsible for the traffic safety patrol, the supervision of cafeteria and playground, or supervision before or after school. Learning Support and Self-Contained Teachers shall be excused from any supervision of students; they may still participate in supervision at their own discretion.

10.6E **Elementary family/guardian ~~parent~~ conferencing – Shortened days:** If TRI resources are not available as specified in Chapter 12, no less than thirteen (13) hours per year of release time for elementary teacher-parent conferences shall be scheduled by the principal and their staff ~~theirstaff~~. This minimum will be proportionately adjusted for any reduction in TRI resources due to funding limitations.

A teacher shall attempt to have a face-to-face conference with the families/guardian(s) ~~parent~~(s) of each child enrolled in a class during the first scheduled family/guardian ~~parent~~-teacher conference period. The teacher shall document efforts to communicate with the family/guardian(s) ~~parents~~ (by phone log or letter) who did not attend a conference. All family/guardian(s) ~~parents~~, if possible, should be afforded a face-to-face conference a minimum of once a year.

Consistent with their general education counterparts, Learning Support and Self-Contained (including GATE and JTC) Teachers will be on site during the designated family/guardian conference window(s), but will only be required to hold conferences at the request of families.

xxx

10.7H **Conferencing - High schools:** To the extent that TRI resources are available in the amounts specified in Chapter 12, high school teachers are expected to be available outside the normal school day for purposes of family/guardian ~~parent~~ conferencing.

Conferencing - Middle schools: Secondary family/guardian ~~parent~~ conferencing will occur as outlined in Article 12.4C. It is also expected that teachers will be available as needed to meet with the family/guardian(s) ~~parents~~ at mutually agreed upon times.

Xxx

10.8A Job description review: Each year employees in the bargaining unit will be given the opportunity to meet with their immediate supervisor to review the responsibilities and duties of their position. Any significant disparities in the basic duties will be identified and should be brought to the attention of the human resources department for review and possible revision.

The responsibilities and duties necessary beyond the one hundred eighty (180) day basic teacher year should also be reviewed. The review should determine how many of the extended year duties **must**, how many **should**, and how many **could** be done (funding available). The review will identify the varying levels of quality of service possible in accordance with extra days available to do the work.

Major responsibility instruction: The major responsibility of the teaching staff is in the area of classroom instruction. However, to assure the success of the total school program, other related responsibilities dealing with school-wide supervision and control are of necessity a part of the teacher's position.

Paraeducator assistance: Where deemed feasible by the administration and the staff, and within the budget limitations, paraeducators will be provided to assist in the performance of non-instructional duties.

Equal sharing of extra duties: The remaining non-instructional responsibilities which are normal to the day-to-day operation of the school day program shall be assigned equitably among the certificated staff.

The District requirement for supervision and participation of teacher in-student day activities (e.g., assemblies) is to assure safety of students and to build student-teacher relationships. Individual building administrators, in conjunction with the site-based process must determine which activities are appropriate to be mandatory for all certificated employees, and which require only the necessary number of employees to provide adequate supervision. Learning Support and Self-Contained Teachers shall be excused from these supervision duties outside of their caseload; they may still participate in some supervision of students outside of their caseload, but at their own discretion.

10.8B Student body activities: The Board and the Association agree that the certificated staff should share the responsibilities involved in student body activities. It is recognized that certificated employee participation in student body activities will be expected.

Hours of student body service: Early in each year a building administrator will identify for the building certificated faculty the student activities planned for the ensuing year and the number of adults that will be required to be in attendance to assure adequate supervision. Adults from the community should be recruited by the building administration by all reasonable methods to fill as many assignments as are prudent from that source. The preferences of teachers must be considered in making duty assignments. Individuals will sign up for up to three (3) events totaling no more than eight (8) hours. Individuals are welcome to truly volunteer for more hours of student body service. Jointly the VEA representative and building administrator will co-facilitate this process. A sample list of activities would include dances, carnivals, sporting events (non-paid), book fairs, VEA building representative/executive board.

Learning Support Teachers, Self-Contained (including GATE and JTC) Teachers, and ESAs will not be required to sign up for "up to three (3) events totaling no more than eight (8) hours," but may sign up for some or all such student body activities at their own discretion.

10.8C **~~Parent~~ Curriculum nights:** Teachers are required to meet with ~~parents~~ families/guardians at one (1) evening meeting each year to explain the curriculum program and/or the instructional procedures to be followed in class. (Note: The date of such a meeting will be communicated to teachers no~~t~~ later than the first week of school.)

Article 12.1

The following list contains the standard expectations of a professional educator. Until the State more clearly defines the contract expectations, these duties will be compensated by the combined base and TRI salaries.

The professional educator: The expectations below are derived from State or local evaluation criterion and a job description's essential functions.

The professional educator:

- Mandatory training modules (Safe Schools)
- Curriculum night and open house events
- IEP meetings and other professional group meetings
- Professional meetings
- All duties required for preparing classrooms to open the school year and complete check out at the close of school year
- Active participation in professional learning communities, school improvement planning and other building professional activities
- Activities required to be proficient in TPEP or Local Evaluations
- Activities connected to evaluation program (e.g. conferences with evaluator, student growth, professional growth)
- Data collection and entering data into recordkeeping systems
- Report cards, progress reports, and grading
- Staff and department/grade level meetings
- *Family/guardian ~~Parent~~ conferencing – Sixteen (16) hours of family/guardian ~~parent~~ conferencing are part of the TRI duties. Family/guardian~~Parent~~ or teacher requested conferences at other times of the year may occur as necessary and/or requested
- Professional learning (PL) TRI days as described in Article 12.4
- Any other essential functions included on job description
- Additional enrichment activities that are otherwise non-compensated

*Consistent with their general education counterparts, Learning Support and Self-Contained (including GATE and JTC) Teachers will be on site during the designated family/guardian conference window(s), but will only be required to hold conferences at the request of families.

Proposal Article 11.3Ciii

11.3C

iii. For 2023-2024 the base salary schedule shall be increased by a COLA incorporating the IPD and an additional 2.0% ~~amount to be determined by a salary opener which will take place in the spring of 2023~~.

Article 11.19A and 11.19C

Article 11.19

11.19A Documentation deadline for salary adjustment: Documents verifying the completion of outstanding requirements for advancement on the salary schedule must be submitted to the human resources department on or before ~~September 30~~ October 1 to qualify for salary adjustment for an ensuing school year. Exceptions to the submission date will be permitted only in extreme situations when documentation has not been possible because of delays clearly beyond the control of the employee. All course work must be documented on official transcripts or verified copies thereof.

11.19B Salary advancement implementation date: The District will make every reasonable effort to implement the advancement of all individuals on the salary schedule at one time. Every effort will be made to make the adjustment on or before the November 1 payroll.

11.19C An employee must document all college units completed within six (6) weeks of employment and within six (6) weeks of completion if employed, or by ~~September 30~~ October 1 of each year, whichever comes sooner, if they are to be utilized for advancement on the salary schedule in the future. The employee may present a grade slip as tentative documentation but must order an official transcript.

Article 12.4 & 12.16

Article 12.4 TRI/State mandated Professional Learning (PL) Days

12.4A For the duration of the contract, three (3) eight-hour (8 hour) days shall be provided for professional learning (PL) connected to starting the school year, school improvement plans, and state, District and building initiatives.

Each school year, two (2) PL days (TRI/pre-duty) will be held within the week prior to the first day of school as determined by the District. These days may be divided as determined by the SBLT. ~~This one~~ One (1) day will be developed by the building or program administrator. The second day will be focused on state, District and building initiatives. These Professional Learning Days will be paid eight (8) hours per day at the hourly per diem rate and paid in the October payroll cycle.

The third day will be focused on State, ~~state,~~ District, and building initiatives and will be held in person on the October in-service day. This third Professional Learning Day will be paid eight (8) hours at the hourly per diem rate and paid in the December payroll cycle. An agenda for the third PL day will be provided no later than the end of the day on the second August pre-duty day. The agenda shall include a minimum of one (1) hour to meet within grade level/content area collaborative teams, guided by any of the four (4) PLC questions. With building or program administrator approval, an educator may participate~~s~~ in professional learning outside of the District. Afterward, the educator shall submit proof of participation to the Professional Development department to ensure they receive up to eight (8) hours of TRI PL payment at their hourly per diem rate. If they also receive credit or clock hours from the outside professional learning entity, they can submit documentation to the District for potential salary advancement, per Article 11.4.

12.4B Educators assigned to multiple buildings shall participate and sign-in at the buildings in which they have the greatest percentage of their contracted time. These educators may decide, in collaboration with the building and, if applicable, program administrators, which school offering would be the most beneficial for the educator to attend.

Special services may provide training specific to the needs of educational staff associates or special education teachers. In this case, special services will work collaboratively with building administrators.

12.4C Part-time staff are expected to participate and sign-in for all of the TRI/State Mandated PL days for the full eight (8) hours and will be compensated at their per diem rate for the difference between their contracted FTE and eight (8) hours.

Xxxx

Article 12.16

12.16A Professional learning community **early release days:**

~~Thirty-one (31) Mondays~~ Every Monday ~~during the school year calendar~~ that is a student attendance day will be a ~~forty (40)~~ sixty (60) minute early release schedule. The early release time will be dedicated to professional learning communities using the DuFour professional learning community (PLC) model.

Collaborative planning early release days:

A two-hour early release Wednesday shall be scheduled once a quarter. The early release time shall be dedicated to educator-directed collaborative planning. Building-Level Guiding Coalitions may also choose to meet during this time.

12.16B The specific work for all ~~thirty-one (31) days~~ Monday early release days shall be guided by any of these four (4) questions:

1. What do we want our students to learn?
2. How will we know that they have learned it?
3. How will we respond if they didn't learn it?
4. How will we respond if they already knew it?

Teachers' participation will include meeting with colleagues of the same courses, content area, and/or grade levels to address any of the four (4) questions. Depending upon a given session's agenda, the work may include identifying and/or unpacking essential standards, unit planning, establishing a scope and sequence, developing common formative and/or summative assessments, analyzing student data, reflecting upon best instructional practices that lead to standards mastery and/or ~~sharing student work and data~~ planning student intervention/enrichment opportunities with their PLC Team.

Those teachers with more than one course/content area/grade level for which they are responsible and those who teach one or more courses for which they are the only teacher at their primary worksite (eg. Model UN, visual art, other singletons, etc.) shall have the option to collaborate with more than one PLC team and/or a PLC team outside of their primary worksite~~,~~. Collaboration shall occur at or from a VPS worksite with prior notice to their building or program administrator.

Administrators' participation may include observing and asking clarifying questions during a ~~observation of~~ PLC meeting~~, time~~ as well as access to the meeting agenda ~~when requested~~.

12.16C Each building shall establish a Building-Level Guiding Coalition, composed of a Principal Co-Lead, an Educator Co-Lead, and ~~up~~ approximately six (6) to eight (8) additional Building-Level Guiding Coalition Members. The focus of a Building-Level Guiding Coalition is to teach and model an effective PLC process while supporting the work of collaborative teacher teams.

The Building-Level Guiding Coalition shall meet twice a month. Building-Level Guiding Coalition members shall determine the schedule of these meetings. Any meetings scheduled outside of the contract day shall be paid at a member's respective hourly per diem rate from a funding source other than a member's Individual PD funds.

i. The Educator Co-Lead shall be selected/replaced according to the process created by the District-Level Guiding Coalition, with Association input, linked here (insert link to ECL Process Document here).

ii. An Educator Co-Lead shall be provided release days over the course of a given school year as determined by the District-Level Guiding Coalition training calendar, with District-funded substitute coverage (if applicable), in order to effectively train alongside and collaborate with their Principal Co-Lead. In addition, an Educator Co-Lead shall be provided with one (1) hour per week of District-funded supplemental contract pay at their respective per diem rate to further the collaboration with their Principal Co-Lead.

iii. The approximately six (6) to eight (8) additional Building-Level Guiding Coalition Members shall be selected/replaced according to the process created by the District-Level Guiding Coalition, with Association input, linked here (insert link to GCM Process Document here).

12.16~~C~~D A ~~PLC advisory committee~~ District-Level Guiding Coalition shall meet at least quarterly, or more often as agreed upon by its members. ~~quarterly (a quarterly meeting can be cancelled as mutually agreed upon at the VEA Labor Management Meeting) to review the PLC process.~~ Any meetings scheduled outside of the contract day shall be paid at a member's respective hourly per diem rate from a funding source other than a member's Individual PD funds.

The District Guiding Coalition will develop a playbook for Building-Level Guiding Coalitions and collaborative teacher teams to refer to for guidance and to promote coherence with District-wide PLC work.

At a minimum, members ~~Members~~ shall consist of the following:

- One (1) ES Educator ~~Teacher~~, and one (1) ES Administrator
- One (1) MS Educator ~~Teacher~~, and one (1) MS Administrator
- One (1) HS Educator ~~Teacher~~, and one (1) HS Administrator
- One (1) VEA Representative, and one (1) District Representative
- One (1) SPED Educator ~~Teacher~~, and one (1) SPED Administrator

Every reasonable effort shall be made to balance the number of educators and administrators on the District-Level Guiding Coalition.

Article 14.14

~~14.14A **Affirmative action :** If the layoff and recall can be accomplished under the normal procedures set forth above without causing or aggravating an imbalance in the certificated staff's ethnic and/or male/female representation within any of the two (2) employment areas as defined below, the standard procedures shall pertain and the special provisions of this paragraph shall not apply.~~

~~14.14B~~

~~If the layoff and recall under the normal procedures would result in causing or aggravating an imbalance in the certificated staff's ethnic and/or male/female representation within a given employment area, then in each such area where under-representation would occur or be aggravated by reason of the implementation of the normal procedures, the number of persons within the underrepresented group shall be reduced by the same percentage (as closely as may be practicable) as the number of persons within the area as a whole is reduced. The layoff and recall within each underrepresented group shall be accomplished by applying to the members of the underrepresented group itself the normal selection rules set forth above.~~
