Superintendent Report

- Happy New Year!
- Weather - we'll be checking roads the rest of this week.
- City partnership after school programming: pilot, Homework Café
- Wrapping up some projects through capital funds
- Strategic Plan
    - Website launch
    - Advisories

Ogden Elementary

Strategic Plan Update

Vancouver Public Schools

Student-Centered Experience

Student-Centered Experience

Develop/sustain a culture of belonging, safety and positive student-staff relationships

Making Progress

Practices that Contribute to a Culture of Belonging

All elementary, middle and high school students participate in social emotional learning (SEL) experiences through the Second Steps and Character Strong curriculum.

Implementation of CHAMPS/STOIC, a student behavior support framework, have contributed to consistent routines, expectations and relationships at school.

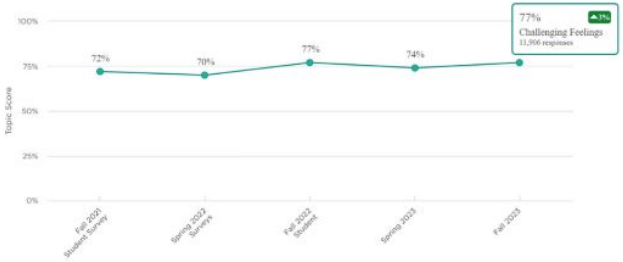
VPS Partnership provides 14 therapists and one program supervisor providing mental health services at all of our secondary schools.

Fall 2023 Panorama Student Survey, Grades 3-12

VPS students are reporting feeling challenging emotions (frustrated, lonely, angry, sad, worried) less frequently.

Fall 2023 is largest cohort of surveys completed.

4th, 5th, 6th and 7th grade students have a 10% or more gain since Spring '22.



VANCOUVER PUBLIC SCHOOLS
VPS

Advisories - community engagement

- 15-20 advisories (examples: student, staff, community leaders, family, CTE, equity, guiding coalition, …)
- 275-300 members
- Meetings usually 6-8 per year

Common experiences:

- ❑ openers that build community,
- ❑ connections to strategic plan,
- ❑ communication with those represented.

Our VPS Story:
Each Student, Every Day

VANCOUVER PUBLIC SCHOOLS

Our VISION of a graduate

Vancouver Public Schools Graduates have the core knowledge and life-ready skills to meet the real-world demands of their chosen next step. Our graduates are curious learners who can persevere and adapt to changing conditions. They are effective communicators who work independently or in collaboration with others in search of informed solutions to complex problems. Whether entering the workforce, trade programs, and/or higher education, VPS graduates are compassionate and inclusive human beings who will positively influence their local and global community while consistently acting with integrity.

A vision of a graduate: *Community feedback*

Academically prepared
Graduates have demonstrated rigorous academic and life-ready learning of core knowledge and skills.

Culturally competent
Graduates are compassionate and inclusive human beings who are aware of their own cultural beliefs and values and are empathetic to how those may be different from others.

Critical thinkers
Graduates can independently and in collaboration with others utilize creative and critical thinking skills in search of informed solutions to difficult and complex issues

Effective communicators
Graduates can clearly convey their thoughts and ideas and are receptive and responsive to others' input.

Resilient
Graduates are confident individuals who can persevere and adapt to changing conditions.

Life-long learners
Graduates are curious and passionate learners who are inspired and ready for the real-world demands of their next step (i.e. workforce, trade programs, and/or higher education).

Engaged community members
Graduates positively influence their local and global community while acting with integrity.

We build on our VPS Core Values

Our schools prioritize and deliver daily.

- Safety
- Belonging
- Equity
- Community
- Integrity
- Love of learning

Listen to our students share their core values

Vision of a
Graduate
EQUITY
EQUITY
EQUITY
EQUITY
Student-Centered
Staff
Foster equitable student achievement through a diverse, skilled Staff that promotes inclusion and safety while focusing on quality
Student-Centered
Community
Bring the community together in support of our students.
Student-Centered
Experience
Create a culture of belonging and positive relationships while preparing students for the demands of their next steps through engaging curriculum, instruction, and student experiences.

Our Mission

- Board direction - review previous mission statement
  - Does our mission align with our vision of a graduate, core values and strategic priorities? What recommendations do you have?
- 91 people reviewed from our advisory committees
- Mission difficult to remember, too long
- Mission outdated

DRAFT Mission:

Inspiring Learning.
Growing Community.
Each student.
Every day.

Budget Update
1.9.24

VANCOUVER PUBLIC SCHOOLS

Vancouver Public Schools

BUDGET UPDATE

BUDGET LANDING PAGE

Building our 24-25 budget…

These slides…

Questions/Ideas

Vancouver Public Schools

Revenue Update

- ✓ Levy stabilization, thank you community!
- ✓ Enrollment - larger graduating classes and smaller kindergarten cohorts starting in 2015-16.
- ❑ Legislative session unlikely to see dramatic increases K-12 funding for 2024
- ✓ Special Ed funding increased by $11.2M for 23-24, but increased demand for services and employee costs projected to drive expenses $8.25M higher.
- ✓ Federal COVID relief $ phasing out (final $5.4M in 23-24)

Vancouver Public Schools

Expenditure Update

- ❑ Staffing costs, honoring the work
  - ❑ State-funded 24-25 IPD (Implicit Price Deflator) forecasted to be 3.9%
  - ❑ Before any bargained/additional market increases unfunded portion of IPD at 3.9% = $7.4M
  - ❑ District values remaining competitive with salaries, but with insufficient revenues must also weigh impact on positions/supports
- ✓ Some COVID relief positions reduced for 2023-24, some sustained for one more year using approx. $15M of fund balance.
- ✓ Increased student needs

Average teacher and classified staff:

- *80% of prototypical staff salary funded by state*
- *350+ additional staff in all basic ed funded categories beyond state allocation*

Challenge Ahead

- 2023-24 Budget utilized Federal Relief funds and fund balance
- Staffing costs continue to increase in a challenging labor market with regional labor frustration
- Enrollment levels (example: 2017-18 = 23,764; 2022-23 = 21,914)
- Inflation impacts to insurance, utilities, fuel, materials, etc
- Gaps in state funding

Challenge Ahead

- Reduction target will be in the 8-10% range
- Rationale
  - Enrollment - used fund balance and COVID relief to maintain staffing levels
  - Inflationary costs continue to trend up - insurance, utilities
  - Staffing cost increases
  - Gaps between state funding and current levels of service exceed local levy capacity
- Without additional revenue or fund balance, the gap requires a reduction in force.

Next steps

Jan/Feb

- Model scenarios to develop a path to meet the 8-10% reduction goal;
- Review possible paths with board for feedback;
- Adjust path based on board input;
- Work with district, labor, and school leaders to inform the path;
- Monitor the legislative session, and make any adjustments.

March

- Finalize path towards reduction goal;
- Begin notification of reduced staff;
- Depending on collective bargaining agreement possible “bumping” of staff
