2021-2022 VPS CTE District Plan

CTE Learning that works for Washington

The Comprehensive Career and Technical Education Bill directs districts who offer CTE programs to create a CTE District Plan that is to be **reviewed and approved annually by the school board**.

What is our CTE District Plan?

The CTE District Plan is a living document that guides the design and delivery of our CTE programs in alignment with Design II to prepare students to be college, career and life ready. The CTE District Plan ensures academic rigor, aligns with education reform, establishes program performance targets, addresses the skill gaps of Washington's economy and provides opportunities for dual credit. It lists the annual target initiatives and associated tasks for Career and Technical Education in the following areas as required by Policy and Procedure 2170P:

- Curriculum/Program Re-Approval
- New Program Development
- Grants Management
- Equipment/Facilities
- Work-Based Learning
- Student Transitions
- Performance Measures
- CTE Counseling and Career Guidance
- CTE Certification
- Safety
- Advisory Committees
- Budget/Purchasing
- District and State Committee Responsibilities
- Reporting
- Professional Development
- Staffing/Hiring
- Program Evaluation

2020-21 Achievements

- **Student Transitions/Guidance and Counseling:**
  - Created a peer-to-peer mentoring at McLoughlin that gave 5 students nationally recognized certification by the National Association for Community Mediation (NAFCM) which aligns with the Human Services pathway. Worked with Restorative Behavioral Coach and administration team at McLoughlin to implement the program through support of local non-profit Community Mediation Services.
  - Hosted the virtual Future Ready Parent event with over 30 breakout sessions around College and Career Readiness, over 250 families of middle and high school students participated.
- **Program Evaluation:**
  - Industry Certification and Parent Involvement increased this year in CTE program evaluation reports, reflective of the increased training and effort to provide support around these indicators.
- **Performance Measures:**
  - Approved new articulations with Lower Columbia College for Business and Marketing and Engineering Tech, and a new Clark College articulation with AP Computer Science.
- **Grants Management**:
  - Awarded $80,000 in grants for CTE programming: High Demand, FirstRobotics, CorePlus Manufacturing and CorePlus Construction.
  - Received US Bank grant via VPS Foundation of $10,000 for trades and peer mentoring, and the Port of Vancouver grant of $3,000 to support the trades. Implemented GigaTrak system for inventory tracking and check-out of equipment for 45+ teachers.

2021-22 Goals

- **Work-Based Learning:**
  - Create opportunities for a diverse group of CTE program completers to have paid work experiences through a contract with Partners in Careers (PIC) to provide 60 paid internships for students throughout 2021-22.
- **Safety:**
  - Ensure ADA/OSHA compliance in all our CTE labs through external safety audits of labs by industry/advisory and create processes and procedures for students to follow in order to implement safety precautions.
- **Advisory Committees:**
  - Ensure productive and active Advisory Committees through representation of high school CTE teachers on community college (CC) advisory committees. CTE Director will seek representation on CC General Advisory.
